Believing Together, Achieving Together

Headteacher:

Mrs D. Grindrod M.Ed., N.P.Q.H.

11.05.18

Dear Parents/Carers,

At St George's we are always looking for further ways to support your child's learning, both at home and school. We have recently purchased MyMaths which is a fully interactive, online mathematics learning programme for children of all ages and abilities. It helps your child to develop their understanding of maths through a variety of engaging activities, games and assessments. Teachers, pupils and parents love MyMaths because lessons are clearly laid out and they fit current recommended practice.

In order to set up an account for your child they will need to collect:

- **Your child's 1st name and surname**

No other information will be shared with the 'MyMaths' website.

Security

At 'MyMaths' we take the security of our customers' data seriously. MyMaths is a https site, meaning that all data sent between your browser and the website is encrypted. Furthermore, all data on the platform is password protected on a securely hosted environment.

The level of security around our digital products is under constant review, and we continue to develop the site accordingly.

If you **do not wish this information to be shared** with the company please complete the slip below and return to school by Friday 18th May as we would like to get this facility running as soon as possible.

Yours sincerely,

C Keleher
Assistant Headteacher

MyMaths

Please sign and return this form no later than Friday 18th May if you **DO NOT** wish St George's CE Primary School to share your child's information with MyMaths.
