

23/5/25

St George's C of E Primary School

What's happened this week...

Another half term complete – the busiest one of all even with it being the shortest. We hope you have a wonderful 2 week break – may it be restful, fun filled and happy. We look forward to seeing you all back at school ready for our last half term on Monday 9th June.

EYFS

This week we have been talking about how to look after and protect our oceans. We had fun tidying up our ocean tray and writing reminders to others about keeping our world clean and tidy.

Year 1

This week, we have been investigating using taste, smell and touch. The children tasted oranges and lemons and learnt where the sweet taste buds and sour taste buds are on their tongue. We also found objects in the classroom to touch, learning that our skin is the largest organ in the body. We smelt a candle and some vinegar and learnt that some smells are stronger and more unpleasant than others.

Year 2

In Design and Technology this week, the children designed and created flower decorations to go on hats. We practised using a running stitch and worked carefully to sew buttons onto pieces of felt.

Year 3

Year 3 had an amazing time at Venture out on Tuesday! We canoed, climbed, tried archery and caving and took part in some tricky but engaging team-work challenges.

Year 4

Year 4 had a wonderful day of outdoor filled activities at Venture Out this week! We used teambuilding and problem-solving methods to complete tricky tasks together. Using oars to row in a canoe, correctly loading up a bow and arrow and using our balance to successfully boulder were other skills we experienced! What an action-packed day!

Year 5

Year 5 had a brilliant time at Venture Out on Wednesday! We took part in various activities (archery, canoeing, bouldering and caving) as well as some fantastic team building exercises! We have all acquired new skills and are super grateful for the incredible experience!

Year 6

We have had a very exciting week in Year 6. We have started to re-hearse our production and allocated roles. We also enjoyed a day of outdoor activities at Venture Out – children were commended on their behaviour and thoroughly engaged with each of the fun activities. A good week all round – well done Year 6!
