Any other comments regarding school-home communication, leave below. Thank you.

The report at the end of the year is amazing but I would like something in between if possible.

I feel that we weren't prepared enough with the change to the classes this year and a little more consultation was needed.

I would like more opportunities to have face-to-face meetings with the teachers about my child where I can discuss my questions without my child being there.

I think staff are easily contactable if there are any concerns.

The school always responds promptly especially the office! Very helpful.

Class Dojo is easy for me to use but I wish it would stop trying to sell me stuff.

I've not had any concerns about my child but I feel very confident teaching staff would listen.

If we get an update of what the kids are doing (learning and activities) every week, it would be much more helpful.
Thank you.
