

1. Axel Wants Feeding

Dad was still working on his firestone. It was nearly finished.

Axel was still hungry. He was always hungry.

"Why don't you go out and pick some berries?" said Dad.

Mum gave Axel a basket.

"You can look for some yams too," said Mum.

"Don't forget grapes," said Dad.

"Me want nuts," said his little sister, Tuft.

Dusk came into the cave.

"I suppose you want something too," said Axel with a sigh.
